8. A call was made to Mr. Roland Severy, Bureau of the Budget, to alert the Bureau to our proposed action in inserting an exception to the Foreign Service Reserve officer appointment program in the foreign aid bill. Severy saw no problem in our doing this and indicated that if we had cleared this with the State Department, he would suggest that we proceed as planned.

9. Colonel White (OSI) called to say that the Director has expressed an interest in an Evening Star article on Soviet missile development based largely on a report by Mr. Donnelly in the Office of Legislative Reference, Library of Congress. The Director is apparently interested in the date on which this report was given to the Senate Armed Services Preparedness Investigating Subcommittee.

A call was made to Ken Be Lien who indicated that Donnelly's story had actually been prepared for the House at the request of Bob Sikes (presumably Representative Robert L. F. Sikes, D., Calif.). Be Lien added that the transmittal date of this report to the Preparedness Investigating Subcommittee was January 27, 1959. This information was passed on to Colonel White.
